### FREE Trial Period

For first-time students, the first week of classes is FREE! This trial period allows the student and teachers to find the class(es) best suited for the student. After the one-week trial period has concluded, the student will be enrolled in the class of their choosing. If the student is registering mid-month, the first month will be pro-rated based on the registration date at a rate of \$13.75 per class. \*Pro-rated tuition rate is only offered to first time students.

### Family Member Discount

Two or more students from the immediate family may deduct \$2.00 off their total monthly tuition.

**Over 120 classes a week to choose from!**

And that's not all... Along with offering over 120 classes per week, we also provide a variety of seasonal opportunities for our students who just can't get enough! From master classes and summer camps to performing at festivals, charities, competitions, or even Disneyland, CVPA dancers experience it all!

***We are excited to share our love for dance with you!***

Castro Valley Performing Arts is a family-oriented school that provides quality dance training in a positive, nurturing, and enthusiastic environment. Through classes, performances and unique educational experiences, our dancers learn essential life skills such as teamwork, responsibility, leadership, and time management. Whether dancing for recreation or seeking a professional career in the arts, CVPA strives to create a rewarding experience for every student. We are passionate about dance and about sharing our love for this artform with the next generation.

**Our Faculty**

The CVPA faculty members are professionals in their field of study. We boast some of the most sought-after teachers in the Bay Area who understand that dance education is not just about teaching good technique. It is also about inspiring, encouraging, and nurturing the artist in every student.

**Annual Recital**

In October of each year, CVPA holds its annual recital which gives each student a chance to perform under the bright lights of the big stage! It is an opportunity for friends and family to observe and celebrate the hard work of our dancers.

**"Watch Week"**

During the first week of every month (calendar days 1-7), parents are invited to observe their student in their dance class. For the remainder of the month, students attend their lessons independently, allowing them to take ownership over their activity and the material presented in class. This balance allows our students to share their progress with parents without compromising our classroom setting. We call this "Watch Week." (Of course, for our 3-4 year old students, every week is Watch Week!)

**CVPA Boutique**

Shopping for dancewear has never been easier! For the convenience of our students, we have an in-house dancewear store where we offer all of our dress code and dance shoe requirements at a discounted price. Come in to the CVPA Boutique for a shoe fitting and view our wide variety of dancewear options.

Visit [www.cvpaboutique.com](http://www.cvpaboutique.com) for more information.
